8.5 Removal of discrepancies in EPICs: - The Commission has directed to take all out efforts to ensure 100% removal of discrepancies in EPICs during the current round of pre-revision activities.

8.5.1 There are following **types of discrepancies in EPICs:** –

- (i.) Repeat EPICs. There are two types of Repeat EPICs, which are as follows: -
 - a) Multiple EPIC Nos. issued to the same elector; and
 - b) Multiple electors with same EPIC number.
- (ii.) EPICs containing more than 10-digit alpha-numeric number.
- (iii.) Two or more states having same serial of alpha-numeric system for EPIC distributed in the Assembly constituencies of the state concerned.
- (iv.) Electors who have not been issued EPICs.

8.5.2 Procedure for Removal of discrepancies in EPICs:-

- (i.) (a.) In case of the Multiple EPIC numbers issued to same elector, current EPIC number should be retained and multiple entries should be removed.
(b.) In cases of multiple electors with same EPIC number, the EPIC number issued to the first elector shall be retained and all other electors will be given fresh EPIC with new EPIC numbers. The old EPICs from such electors should be collected and destroyed by cutting the same into pieces after keeping a proper record.
- (ii.) Commission has already issued proper standard Operating Procedure for changing Non-standard EPIC number to standard 10-digit Alphanumeric EPIC Number vide its letter dated 29.11.2019. The same may be followed in the matter.
- (iii.) Same EPIC Numbers that are being used by two different states may be identified using IT tools and states concerned may be asked to follow the allotted code for generating standard EPIC numbers.
- (iv.) There is a very small percentage of electors who have not been assigned any EPIC No. in electoral roll. Such electors can be easily identified using available IT tools and EPICs may be issued to them.

8.5.3 Improvement of image quality of electors in electoral roll:

The software-based reports shall be generated for the 'black and white images', 'not to specification images', 'non-human images' and 'no image' entries. For replacement of such images, field verification through BLOs should be done and necessary applications i.e. Form-8 along with photograph as per specification shall invariably be collected from the electors and proper track record of such replacement be kept.

9. Identification of the Gaps and finalizing the strategy and timeline:

9.1.1. CEO/DEOs/EROs shall do statistical analysis of data of Format 1-8 in respect of the last finally published electoral rolls with reference to 01.01.2023 as the qualifying date along with its supplement in order to find out any major gaps in terms of E/P ratio, gender ratio, age-cohort imbalances, particularly of 18-19 age group, abnormal increase or decrease in number of electors in area, <100% PER/EPIC in ACs/PSs. No need to emphasize that the analysis should be done with due care and promptitude. For a better analysis, previous years' data should also be taken into consideration for better appreciation of the scenario by comparing using charts etc. If analysis is done at micro level i.e. polling station level, the gaps may clearly manifest which hide at macro level i.e. State/District or AC level. Since Census data of 2011 including age wise population details is already available, population projection for 2023 should be done accordingly.

9.1.2. The above said analysis of data should be done by the EROs and AEROs who after discussions with BLOs and Supervisors should give analytical note to DEO concerned, who shall then discuss with EROs and AEROs of all ACs under their jurisdiction. After critical gaps are determined, then please check, if any cogent and logical reasons like migration due to socio economic or natural calamities etc. and/or cropping up of new colonies/habitats are there to answer the gaps. If so mention it in the note. The DEOs shall forward a composite analytical note to CEO along with strategies to address the issues. Finally, the CEO, having reviewed and analyzed district wise reports, shall prepare State analytical note and chalk out necessary strategies to address the gaps that need to be filled up. The gaps should be described in quantitative terms.

9.1.3. Action plan of the State with identified gaps, strategy and time line for bridging such critical gaps (to be completed within time frame prescribed by the Commission) shall be prepared and forwarded by the respective CEO to the Commission.

10. Preparation of Format 1 to 8 to analyze the health of electoral rolls before Draft Publication:-

Before draft publication of electoral roll, the CEO shall ensure that all activities of pre-revision exercises as mentioned in schedule have been completed. Format 1-8 for statistical analysis of the health of the electoral rolls must be prepared before the draft publication and also at the end of the summary revision before final publication. These formats should be prepared part wise by the EROs. The DEO must examine the part wise format 1 to 8 to understand the implication of the health of electoral rolls. The DEO shall compile Format 1 to 8 and send it to CEO who in turn makes the analysis AC wise. The CEO shall forward these formats in respect of final electoral roll with reference to 01.10.2023 as the qualifying date to the concerned Zonal Pr. Secy/Secy of the Election Commission along with his/her comments and description about the targets achieved during the course of Summary

Revision. The CEO should simultaneously start remedial action, if any required. The Zonal Pr. Secy/Secy. of the Commission will examine the formats sent by the CEOs and submit to the Commission for information or for any corrective action, if required.

11. Forms for Claims and Objections:

- (a) Every claim for inclusion of name in the roll as new elector shall be in Form-6 and signed by the applicant.
- (b) Every objection to the proposed inclusion of name or application for deletion of name in existing roll shall be in Form-7 and preferred by a person whose name is in such roll.
- (c) Application for shifting of residence within the constituency or outside the constituency, correction or updation of entries, replacement of EPIC and Marking of PwD, shall be in Form-8 and shall be preferred by the person to whom that entry relates.

12. Furnishing of Aadhaar Number

The applicant can voluntarily furnish Aadhaar Number in Form-6 and Form-8, if he/she is having Aadhaar number, however, no application for inclusion of name in electoral roll shall be denied and no entries in electoral roll shall be deleted for inability of an individual to furnish or intimate Aadhaar Number.

13. Claims and Objections- As per the schedule, the EROs will issue notice in **Form-5** and formally invite claims and objections with reference to 1st October, 2023 as qualifying date. As 1st October, 2023 is the last qualifying date of the year, therefore no advance applications for future qualifying dates of next year shall be invited during this revision activity.

All advance applications w.r.t. 01.10.2023 received prior to commencement of this SSR (available in the respective bucket in ERONet), shall also be processed along with other claims and objections received during this revision period. Necessary provisions to this effect shall be made by ECI-IT Division.

14. Display of list of claims and objections-

14.1 As per rule 16 of the Registration of Electors Rules, 1960, ERO shall prepare lists of claims and objections in form 9,10,11 and 11A and 11B and exhibit one copy of such lists on a notice board in the his office. Besides, list of all claims and objections received should be put up on the website of CEO so that citizens are able to see the list and lodge objections with the concerned ERO. In addition to this adequate publicity should be given by CEO to the fact that list of claims and objections is available on CEO's website and objections can be raised before the EROs based on this list. This should also be informed to the political parties by holding meetings with them and sending written communication to them.

14.2 List of claims and objections should be made available by ERO to all political parties on weekly basis. For this purpose, the ERO should call a meeting of all political parties on regular interval and personally handover list of claims and objections to them and obtain acknowledgment. It is to be added that the list should be incremental instead of cumulative.

14.3. Decisions on Claims and Objections - Decision on claims and objections should be taken only after all of the following conditions are complied with –

- (i) At least seven clear days' period has passed after list of claims and objections has been published on all of the following –
 - (a.) Website of CEO, as clickable lists for each polling station
 - (b.) Notice board of ERO (In Forms 9, 10, 11, 11A and 11B of RERs 1960)
 - (c.) Notice board of polling station (In Forms 9, 10, 11, 11A and 11B of RERs 1960)
 - (d.) A personal notice has been served on the person whose name is proposed to be deleted in cases other than death cases.
- (ii) At least period of seven clear days has passed after furnishing the list of claims and objections to political parties.

15. Procedure of Deletion:

15.1 Repeat/Multiple Entries: In repeated / multiple entries reported by individual citizens, BLAs of political parties and RWA representatives, field verification must be done in each and every case.

15.2 Demographically Similar Entries (DSEs), Permanently Shifted and Deceased:

Confirmed cases of DSEs/PSEs, Permanently Shifted and Deceased may be removed only after Form -7 is received from the elector (in case of DSEs, PSEs, Permanently Shifted) and near relative/family member (in case of deceased). Notice must be served to the concerned person for removing the entries.

Deletion of the name of deceased elector may be done without obtaining Form-7, if the identity is established with reference to death certificate or after field verification on the basis of death certificate from the competent authority obtained by BLO or submitted by family members, or from list of deceased electors, collected from database of Registrar of Birth and Death.

15.3. Safeguards against wrongful deletions: -

Following safeguards will be used to prevent wrongful deletions of electors from electoral roll:-

- (i) In case of registered death, deletion shall be made only after proper verification/production of death certificate etc.
- (ii) To avoid wrongful deletions, deletions on the ground of death (other than registered death case) will be made only when Form- 7 is received.

- (iii) While making field verification, BLOs shall give specific remarks in report on the status of shifting/death as the case may be.
- (iv) For deletion on the ground on shifting, Form- 8 from the concerned elector will be taken. Before addition at new place, the ERO will confirm that the elector was actually enrolled at the previous address and he bears the same name as given in Form- 8.
- (v) BLO report will be necessary for deletion.
- (vi) In all cases of proposed deletions through Form-7, notice except death cases must be issued to the elector concerned and must be duly served on him. In cases where the elector is not found living at the address in the electoral roll due service of notice must be done by affixation on the wall in the presence of at least two witnesses whose signatures should be obtained on a copy of notice and kept in the file by the Electoral Registration Officer so as to ensure that provisions of rule 21A of the Registration of Electors Rules, 1960 for giving reasonable opportunity of hearing to the person concerned are duly complied with. Only in the case of death, a death certificate or statement of relatives, friends or neighbours can be accepted in lieu of the proof of due service of notice.
- (vii) All deletions except those done on the ground of death should be verified by an officer not below the rank of Tehsildar/Deputy Tehsildar before final order is passed on Form 7 and 10% of total deletion (randomly picked by system) should be verified by field visits.
- (viii) All cases of deletions must be cross verified personally by Electoral Registration Officer if they fall in any of the following category: -
 - a) Deletions in polling stations where the number of deletions exceed 2% of the total electors in the voters' list of the polling stations.
 - b) Deletions where the same person is the objector in more than 5 cases.
- (ix) Cases of deletions other than those made on the ground of death should be cross verified by Supervisors, AEROs and EROs before passing the orders.

16. Supervision and Checks by Supervisor/AEROs/EROs: -

16.1 For the purpose of improving health of electoral roll, the Election Commission has emphasized the need of field verification by the Booth Level Officers. As per the normal practice being followed, the Electoral Registration Officer, after digitization of claims & objections received by him, deputed Booth Level Officer concerned to make field verification in connection with the claim or objection. The Booth Level Officer after on spot verification submits his report to the Electoral Registration Officer.

16.2 There is a mechanism for supervision and check for enforcing strict accountability of the work performed by the Booth Level Officers. The Supervisor who normally has 10 Booth Level Officers under his charge shall verify 5% of each of the Booth Level Officer's verification work under him.

16.3 Above the Supervisors, each Assistant Electoral Registration Officer should verify 1% of the BLO's verification work, randomly selected from different parts under him. Assistant Electoral Registration Officer shall field check households with more than 10 electors; abnormal gender ratio,

and the first 20 polling stations with highest number of additions or deletions, under his charge. Assistant Electoral Registration Officer should also separately field check 1% of the additions and deletions, giving focus on such part of electoral rolls where proposed addition of electors is 4% over previous electoral roll. Both, accepted as well as rejected cases, should also be checked in those cases.

16.4 Electoral Registration Officer shall test check the quality of disposal of claims & objections by his Assistant Electoral Registration Officers. He shall check **10%** of the Forms disposed by Assistant Electoral Registration Officers. Field verification should be carried out where felt necessary. Electoral Registration Officer shall hold regular monitoring meetings with Assistant Electoral Registration Officers, Supervisors and Booth Level Officers and ensure that the work is not being done in perfunctory manner. Delinquent officials should be taken to task and corrective measures taken swiftly because ultimately the accountability stops with Electoral Registration Officer and the Electoral Registration Officer is responsible for delivering an error free roll.

17. Super-checking by DEO/ Roll Observer/CEO:-

After passing the orders by AERO/ERO, super-checking of verified entries will be done by the DEO, Roll Observers and CEO for specific number of entries as randomly selected. The number of entries to be verified by DEO, Roll Observers and CEO within and upto 7 days after last date of disposal by EROs are as under:-

(i) **At the level of DEO:** Verification of 50 Forms (20 additions+20 deletions+10 modifications) in the district covering all ACs under his jurisdiction (or) atleast 10 Forms (4 additions+4 deletions+2 modifications) in each of the ACs of the district, by table top exercise. Out of these verified Forms, field verification must be done in a minimum 10 Forms.

(ii) **At the level of Roll Observers:** Verification of 250 Forms (100 additions+100 deletions+50 modifications) in the assigned districts or atleast 10 Forms (4 additions+4deletions+2 modifications) in each of the assigned districts, by table top exercise. Out of these verified Forms, field verification must be done in a minimum 20 Forms.

(iii) **At the level of CEO:** Verification of 250 Forms (100 additions+100 deletions+ 50 modifications) in the state covering all districts or atleast 10 Forms (4 additions+ 4 deletions+ 2 modifications) in each district, by table top exercise. Out of these verified Forms, field verification must be done in a minimum 20 Forms.

(iv) Critical influx of Forms - 6, 7, 8 in an assembly constituency shall be flagged up by the District Election Officer concerned to CEO, who in turn shall review the position on weekly basis for course correction, if required.

18. Flagging of marked electors viz. MP/MLA/MLC, holders of declared offices and personalities from fields of arts, culture, journalism, sports, members of judiciary and public services etc.:

Electoral Registration Officers shall ensure that the names of all Members of Parliament and the State Legislatures, holders of declared offices, personalities from fields of arts, culture, journalism, sports, members of judiciary and public services are there in the proposed draft electoral roll. To avoid wrongful deletions of the names of such electors in future appropriate flagging should be done in the electoral database.

19. Flagging of Persons with Disabilities (PwDs) in Electoral Database: As Form-6 for enrolment in electoral roll as well as form-8 for existing electors has an optional field for giving information about disabilities, the Commission has directed that all the cases of PwDs electors who have given such information in Form 6 or form-8 should be flagged in the electoral database along with category of disability so that they can be provided necessary facilities at the polling station at the time of poll. In this regard, a provision for mentioning the percentage of disability has also been made in the revised forms. It is made amply clear that such information of disability should not be reflected in electoral roll in any way. Chief Electoral Officer concerned should rope in the concerned department in the State dealing with persons with disabilities to get their assistance in mapping Persons with Disabilities. Chief Electoral Officer, if he feels it necessary, can utilize services of BLOs during H2H visits for collection of such data of PwDs from electors in Form-8, who are willing to disclose their disabilities. Weekly progress report in this regard may be sent to Secretary/Principal Secretary in charge of the State to review the weekly progress.

20. Field visits by ECI's Officers: The Chief Electoral Officer may designate his own team or request the Election Commission to depute team for further state level checks as felt necessary. Ultimately it is for Chief Electoral Officer to seek the Election Commission's approval to publishing of rolls and for this the Chief Electoral Officer shall give a detailed report on state wide health check of the rolls in the prescribed formats (Format 1-8), deviations noticed, remedial action taken, etc. The Chief Electoral Officer shall also furnish an account of the checks maintained and supervision undertaken during the roll revision process and give a certificate on his/her satisfaction on the quality of roll.

21. Observation: - In addition to Divisional Commissioners, who shall act as Electoral Roll Observers for districts comprised within their Divisions, the Commission may depute its observers/ECI officers/roll auditors to randomly check, audit and supervise the revision process. Hence, it is absolutely essential that all roll related records including reports of progress as well as lists of the locations where field operations are in progress, should be kept up to date and made available to the observers.

22. Meeting with Political Parties and sharing of electoral rolls: -

- (i) All DEOs and CEO shall separately call meetings of political parties and explain the schedule and seek cooperation expected of them before the date of draft publication. The draft publication should be done on the approved date with due fanfare publicity and the copies of draft rolls should be handed over to recognized political parties in public meeting in the presence of press and media. In any case, proper acknowledgement receipts from the representatives of political parties must be obtained and kept in record. For all such meetings with political parties by CEO/DEOs records like minutes of meetings attendance of participants with their signature should be maintained.
- (ii) The CEO should write to all recognized national and state level political parties informing them the important points of the law and procedures of the revision and seek their cooperation in the roll revision exercise. A copy of letter issued to them may be endorsed to the Commission for record.
- (iii) List of claims and objections should also be made available by ERO to all political parties on weekly basis.
- (iv) Two copies of complete set of draft Electoral Rolls and Final Electoral Rolls immediately after draft and final publication respectively shall be supplied free of cost to recognized political parties in accordance with the provisions of rule 11(c) and 22 (c) of Registration of Electors Rules, 1960.(Please refer to para 25.3 of Chapter 25 of Manual on Electoral Rolls, 2016 for detailed guidelines in the matter).
- (v) CEO will request to the recognized political parties to identify and appoint Booth Level Agent (BLA) for each polling station who would be associated with BLO during revision period. The BLOs will go through the draft electoral roll with BLAs of recognized political parties of State concerned and identify the corrections to be carried out, etc. It is pertinent to mention that BLAs once appointed from a recognized political party will continue as BLA, unless their appointment is rescinded /revoked by the political party concerned.
- (vi) With a view to ensure more involvement of political parties, the Commission has allowed BLAs of a recognized political parties to file applications in bulk, subject to the condition that a BLA shall not submit more than 10 Forms to BLO at one time/in one day. If a BLA files more than 30 Applications/Forms during entire period of filing claims and objections, then the cross verification must be done by ERO/AERO themselves.
